

Tex Liquid Enzyme 758

The product information is applicable to the product in the recommended solution for use.
If information about the concentrated product is required, please see the MSDS.

PRODUCT TYPE

Alkaline laundry detergent.

APPLICATION

Tex Liquid Enzyme 758 is well-suited for machine washing in soft as well as hard water at 30-60°C, of all types of textiles.

Tex Liquid Enzyme 758 can be used at all temperatures and up till 95°C.

Tex Liquid Enzyme 758 is well-suited for soaking and hand washing.

Remember always to wash colored textiles separately the first 2-3 times.

Tex Liquid Enzyme 758 can be used for washing of wool and silk (low dosing).

Tex Liquid Enzyme 758 is a broad-spectrum detergent which is well suited for washing at 40-95°C of all types of textiles.

Tex Liquid Enzyme 758 is well suited for soaking and hand washing. (Colored textiles should always be washed separately the first 2-3 times.)

Tex Liquid Enzyme 758 can be used for washing of wool and silk (low dosing).

PROPERTIES

Tex Liquid Enzyme 758 contains enzymes which degrade proteins and starch - even at low temperatures.

Tex Liquid Enzyme 758 has a high content of wash active substances which effectively remove fat and particle dirt.

Tex Liquid Enzyme 758 can be used together with Tex Bleach 759 (60-90°C) if a light bleaching is desired.

STORAGE

Protect from sunlight. Keep away from food, drink and animal feeding stuffs. Always store in containers of the same material as the original container. Incompatible materials: Strong acids, strong bases, strong oxidizing agents, and strong reducing agents.

Storage: 0 -35 °C

Durability: 36 months.

ECOLABEL

The Nordic Eco-label (the Swan Label) – licence no. 5093 0008

SAFETY

Please see the enclosed safety data sheet for information about handling and disposal. For professional users only.

INSTRUCTIONS AND DOSAGE

Tex Liquid Enzyme 758 is a liquid, enzyme-containing washing detergent.

Tex Liquid Enzyme 758 is well-suited for both manual and automatic dosage.

Dosage per kg dry clothes:
8-12 ml/kg depending on the soiling of the laundry.

In case of use in hard water $\geq 12^{\circ}\text{dH}$, please dose 20-30% extra Tex Liquid Enzyme 758 depending on hardness.

100 ml = 1dl = 105 g
